# ITSRR...

...audits and accredits the rail sector in NSW

...holds seminars on rail safety for industry and staff

...accredits heritage railway operators in NSW

...advises government on rail safety and rail, bus, and ferry reliability

...included the Office of Transport Safety Investigations in 2004-05, which investigated transport-related accidents

...improves consistency of safety regulation across different modes of transport

**Photos on front cover reflect:**

- 1) Reiner Mangulabnan, ITSRR Audit and Compliance Officer, with Kevin Kitchen, ITSRR Manager Audit and Compliance, inspecting railway tracks at Port Kembla as part of rail safety audit
- 2) Presentation hosted by ITSRR for external stakeholders and ITSRR staff by Dr Alan Hobbs from NASA Ames Research Center, speaking about lessons learnt from the US airline industry on maintenance error and safety
- 3) Allan McVay, ITSRR Accreditation and Compliance Officer, inspecting a heritage train at Branxton being restored by Lachlan Valley Rail Freight for community service
